- UK students may also apply for a maintenance loan.

GRANTS AND BURSARIES

COSTS

TUITION FEES

- UK Students
  £9,250 for the academic year 2019-20. 2020-21 figures not yet confirmed. Students may pay this tuition fee up front, or defer the costs by adding the fee to their Student Loan, in which case the amount will be paid back after graduation, when the student is earning over £25,725 (England) at a rate of 9%. While you are studying, interest is the inflation rate plus 3%. Once you have left your course, your interest rate depends on your income in the previous tax year.
  A graduate on a salary of £30,000 will pay back £32 per month (income is £4,275 over the income threshold; 9% of £4,275 is £384 per year; which results in £32 per month).
  Arrangements for students from Wales, Scotland and Northern Ireland please see: https://www.ox.ac.uk/admissions/undergraduate/fees-and-funding/repayments

- EU students http://www.ox.ac.uk/students/oxford-and-the-eu

- Overseas (non-EU) students
