Jesus College Self-Isolation Policy for Returning International Students
August 2020

Please find below information for all our international returning students regarding the current UK government regulations, and the College's subsequent policy for those of you entering the UK who are required to self-isolate for 14 days. Please double check on an ongoing basis if the country you are travelling from is on the [UK Government's travel corridor list](#) or not. For further information please refer to the below link:

Are you moving into a flat?

For those of you moving into flats at **Stevens Close, Herbert's Close or 121 Woodstock Road**, self-isolation means you have to be in isolation and you are not able to move into your flat, unless you arrive more than 14 days prior to the rest of your flatmates.

If you are in this situation, we suggest you contact your flatmates to discuss with them when they plan to return. If they are not planning to return during your self-isolation period, please get them to email us to confirm that. If it is not possible for you to move into the flat for self-isolation purposes, you will need to find alternative accommodation for 14 days. All self-isolation stays in College accommodation will be charged for at our normal student vacation rate.

Please note that we are unable to deliver food to students isolating at Stevens Close or Herbert's Close.

College room option

We are happy to try to organise self-isolation stays for students in an en-suite room in College, as early as September 7th. You would have to stay in the room for the whole of that period. Our catering team would provide three meals per day, which you would need to pre-book and would be charged for at our usual rates. Your meals would be left outside of your room. Please note that we are unable to provide self-isolation accommodation on the Turl Street site for any students wishing to return before 7th September 2020.

Airbnb

Alternatively you can rent an Airbnb property in or around Oxford for the period:
<https://tinyurl.com/yy9aja8n>

You could then have food delivered from, for example, a supermarket like Tesco
<https://www.tesco.com/groceries/> or Ocado

<https://q.ocado.com/afterevent.aspx?c=ocado&e=ocadoshopknownuser&t=https%3A%2F%2Fwww.ocado.com%2Fwebshop%2FstartWebshop.do&cid=en-GB> but there are many other supermarkets who also provide this service. There are also many takeaway services that could deliver to your door.

Please feel free to contact College on accommodation@jesus.ox.ac.uk should you wish to arrange accommodation or if you have any further questions.
