

Fellows' Library books, pamphlets, and journals not yet catalogued online

Approximately 80% of the 11,500 books in the Fellows' Library have been catalogued on [SOLO](#), the library catalogue covering the majority of library collections of the University of Oxford. The rest are listed below, in highly abbreviated form. If you wish to consult any of these books, please email librarian@jesus.ox.ac.uk for further details.

This list was derived in 2014 by Emma Jones, graduate library trainee, from shelflists compiled by Sarah Cobbold, former College Librarian. Descriptions are incomplete and inconsistent. Underlined text usually refers to the lettering on the spine.

Books printed up to 1500 can be found on the [Incunabula Short Title Catalogue](#) (ISTC) and books in English (or published in the British Isles or North America) up to 1800 can be found on the [English Short Title Catalogue](#) (ESTC). The card catalogue in the Fellows' Library gives the most complete information about the collections.
